

BOARDING NEWSLETTER

MARCH 2024

Dear Parents and Guardians,

We find ourselves already in March and setting into summer season. How quickly time flies. We were very busy this month with a plethora of events like the Innovation Day, Art Carnival and many newer learning opportunities. Let us now have a brief peek into the month of March.

During the beginning of this month, boarding students were engaged rigorously in preparing for the Art Carnival. Students displayed wonderful pieces of art work expressing their creativity and aesthetic abilities choosing "Innovation" as the central theme. They used a variety of medium such as oil painting, acrylic, water colour, sculpture art work, handmade and craft paper etc.

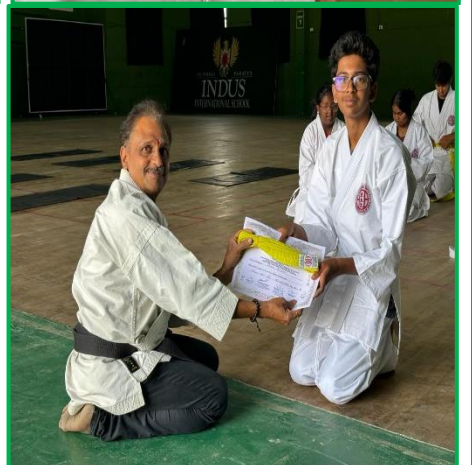

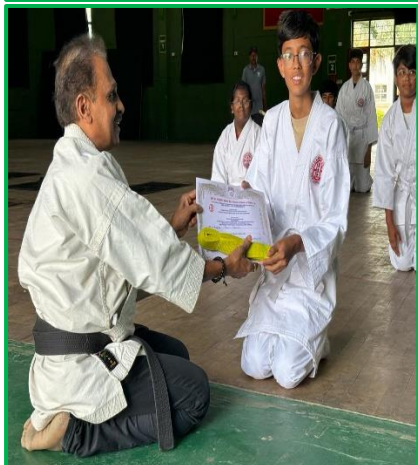

On Innovation Day, students focused on working towards their house visions, Design Thinking Project and visualizing their Tikkun Olam. The Young Achievers award was given to students who have been involved and achieved remarkable success in academics, whole education and/or leadership innovation projects. Here are the glimpses of their display of Tikkun Olam and Design Thinking Project.

During the month our GRADE 12 students were taken to formal dinner at Radison Blu in the city and they enjoyed with their peers.

Our quite a number of students participated in the Aquatic Meet.

Holi, the festival of colors was celebrated by our grade 10 and 12 boarders with great fun, laughter, Holi delicacies, organic food colors and special dinner on the lawns. The festival which marks the arrival of spring and victory of good over evil- destruction of the internal evil was enjoyed by the boarding students to the fullest.

Hence as evident, during this month boarders have not only been busy but were engaged in an eventful, meaningful and holistic way. Just as spring is swiftly changing to summer in Bangalore, here's wishing you and your family a healthy and restful spring break.

Regards,
Darshana Vankar
